

Kuranov Grigory

*Student at St. Petersburg State
University of Aerospace
Instrumentation(SUAI)*
kgrigor2019@yandex.ru

Problem-solver, competitive and
active student with inquisitive mind

Telegram: @Gr1shania

Github: @gr1shan1a

Achievements

4/60 place in Magnit hackathon

My team managed to implement
web-interface for table using
REST API

Yandex Training

- Algorithm medalist
- ML && DevOps - participant

Student olympiads

- Second year participant of ICPC
- Yandex - "I'm professional"
- HSE - "Highest league"

Education

- *St.P. SUAI '2027*
- *Faculty: Aerospace devices and
computer systems*
- *Specialist - Informatics &
Computer Science*

Java, C/C++ projects:

- Quizlet clone
- ImageSaver(python)
- small projects(telegram-
bot, archiver)

Algorithms and Data Structures

- Graph algorithms
- Search Trees
- and others

Skills

- Git
- Linux(gdb)
- C & x86
assembly
- Spring, Django, Flask, Pytorch
- node.js, vue.js, Angular
- bash, zsh
- networking
- Team-player
- Infinite curiosity
- Advanced English(C1)
- Research mindset
- Reliable, problem-solver
